Brickyard Pond Trailhead Rehabilitation Complete

After months of hard work, the Brickyard Pond trailhead rehabilitation project is officially complete — and this beloved fishing spot and trail access point has never looked better.

The project was made possible by a grant from Athletic Brewing Company's Two for the Trails program, a nationwide initiative that has donated more than $6.3 million to trail and outdoor space conservation projects since 2018, supporting work in 46 states and beyond. Richland Township partnered with the Appalachian Mountain Club (AMC), which was awarded the grant to rehabilitate the Brickyard Pond Trailhead on Heller Road — a popular fishing destination and access point along the Pennsylvania Highlands Trail.

Brickyard Pond Trailhead Rehabilitation Complete continued

What Got Done

Using the grant funds, the AMC and Richland Township purchased and installed a picnic table and bike racks so visitors have a comfortable place to rest, gather, and lock up their bikes while enjoying the pond.

Beyond the new amenities, the transformation of this trailhead was driven by the community. Over the past several months, volunteers turned out for cleanup days at the site, hauling out more than a dozen bags of trash and clearing invasive multiflora rose that had overtaken the area. Their efforts have restored the natural character of the trailhead and made it a safer, more welcoming space for hikers, anglers, and neighbors alike.

Richland Township also invested in infrastructure upgrades to protect the site for the long term:

- Added an ADA-compliant parking space to improve accessibility for all visitors
- Regraded the entire parking lot to improve drainage and durability
- Installed a new pipe under the entrance to prevent erosion and water damage going forward

Together, these improvements ensure Brickyard Pond remains a resource the community can enjoy safely for years to come.

Thank You

None of this would have been possible without the generosity of Athletic Brewing Company, the coordination and investment from Richland Township, and the dedication of the community volunteers who showed up, put in the work, and helped bring this project to life. Brickyard Pond is a better place because of you — thank you!

Stop by and check out the new picnic table and bike racks the next time you're out fishing or hiking at Brickyard Pond.

Thomas Marino
Thomas Marino, Richland Township Park and Recreation

A Message From Representive Craig Staats

By Rep. Craig Staats (R-Bucks)

Dear Friends and Neighbors,

There are a few important updates I want to share with you.

Data center development continues to raise questions about energy use, infrastructure and the impact on surrounding communities. That is why I voted for House Bill 2496, which would allow municipalities to impose a six-month moratorium on data center development. This would give local communities more time to review their zoning, consider potential impacts and make decisions that work for their residents. The bill passed the House with near-unanimous support and now awaits action in the Senate.

Recently, the governor signed an executive order that would require potential data center developers to fund the cost of powering their facilities, engage with potential host communities, hire local workers and follow water conservation and other environmental requirements. We must codify those protections into law.

I will continue supporting policies that protect consumers from higher energy costs and give our communities a voice in data center development.

I also announced the approval of nearly than $1.2 million in school safety and mental health grant funding for four school districts serving our area. Pennridge School District is eligible for $353,317, Quakertown Community School District for $303,272, Palisades School District for $160,764 and Souderton Area School District for $364,831. The districts must apply for their approved funding, which may support physical security improvements, behavioral health services or both. Keeping students safe takes planning, good people and the resources to get the job done.

Finally, my Quakertown district office remains available for anyone who needs help with state government. My staff and I may assist with PennDOT matters, property tax and rent rebate applications, birth and death certificate applications, unemployment compensation issues, state forms and other state-related concerns. If you have a question and are not sure where to start, please give us a call at 215-536-1434 or stop by our office at 10 S. Third St. in Quakertown.

I appreciate the opportunity to serve Richland Township. See you around town!

Craig

- Earth disturbance over 1,000 sq. ft.
  (Chapter 9 Part 1 Earth Disturbance of the Code of Ordinances of Richland Township)
- Sheds, fences, pools, concrete/paver patios, parking lots & driveways

A View of Richland Township in 1949 by the Student's of Shaw's One-Room School

Submitted by the Richland Historical Society

This is a condensed account of information compiled by students of Shaw's One-Room School, located on California Road, in 1949. Their intent was to document what people did for a living near the three schools that these students had attended before school consolidation began, and to use this information to help them decide their path in life using foundations their families, churches and schools had given them. The following is from these students:

A few years ago, when Shaw's School housed almost fifty pupils in grades one through eight, we made a study of our community, learning of the historical background. We learned it was settled by Quakers; we read about the Fries Rebellion; we learned that the Liberty Bell passed our school on its way to Allentown; and we learned about the underground railroad, toll roads and old homes in our community.

Now in 1949 our school has sixth, seventh, and eighth grades only. Our pupils come from the Central, Kauffman's and Shaw's Schools, which include the residential sections of Fairview, Bungalow Park, and Shelly. In the Central School Area of Station Road, *(near the QMart)* seven families are represented at this the newest school in the district. Quakertown Sales Company, which owned the defunct Quarry, now has a new building that contains many different kinds of merchandise for sale. Behind the school, Crouthamel's Potato Chip Factory now has twenty employees; the chips are sold over a wide area. Clarence Johnson, a distributor for Martin's Dairy, does general farming in this area.

At Kauffman's School, (found on a hill on what is now Route 309) 17 families are represented. They come from the Shelly village and surrounding areas. In Shelly, there is a railroad station established in 1857, and became passenger service only in 1932. The post office started in 1879 and still is open. The Best Made Silk Hosiery, started by Lewis Fluck in 1924, is now owned by John Fischer. The business was so successful that it outgrew the building and operates in Quakertown.

There also was a stone cutter's yard where they made tombstones for graves. Mr. Berlenbach now operates an iron foundry there. Mr. Arn once sold feed and coal but opened Arn's Handle Works in 1938.

The Fruit Stand, now known as Chris's Fruit Stand, was started by Russel Stauffer in 1938. In 1946 he sold it to Chris Yaich who handles Trexler's products and also has cabins for Tourists. Since 1946 Ulmer and Bright have made cement blocks.

Since the early days of World War II, Claude Landis has had a General Machine Shop where he makes and repairs parts for all types of mail and factory machinery, and designs and builds special machinery for all industry, and at present employs two men.

Besides the manufacturing in Shelly, we also do some farming. Harry Johnson is a plasterer but also runs a small farm. Harold Schacht does general farming and raises chickens and finds a market for his eggs at the Doylestown Market.

The Reservoir Road reservoir supplies Quakertown with its water. There is thriving Fire Company in Shelly. Al Oxenford is heard over WBUX every Saturday morning on the program sponsored by John Repa, Electrical Appliances.

Along 309 we have the R. Lockhart grocery store and nursery. The Datesman brothers have an auto repair shop and sell gas and oil. John Seader has a welding shop and he also builds pick-up trailers. The Salem Mennonite Church from Passer bought the factory building so we have an active Church and Sunday School.

The Shaw's School Area (by the new post office) is represented in our school by eleven families. This area is primarily farms. At the extreme southern end of our area, we have the Mahon Swartley and Edwin Balliet farms. Mr. Ballliet raises beef cattle and does general farming. Adjoining the Balliet farm is the Jane Brooke farm, cultivated by Mr. Balliet. Swartley's is a dairy farm. The Geyers do general farming.

Adjoining our school is the Bleam farm. Mr. Bleam does general farming and is a mechanic at Bethlehem Steel. A short distance above this farm is the Quakertown High School Farm where the boys taking the Agricultural Course in high school receive their training.

Adjoining the school farm is one of the Olin Mastin's farms and he also owns and operates a large farm on the west end of California Road. He grows large quantities of tomatoes, potatoes, beans, and some cabbages and also raises poultry. Mr. Mastin hires migrant crop workers to pick his crops; he sends tons of tomatoes to the Campbell Soup Company in Camden, NJ. Chester Willauer, who lives across the road from Shaw's School, fattens beef cattle for market and raises chickens.

The pumping station is north of our school off the California Road and is operated by Cornelius Loux. It is the source of Quakertown's water supply.

Houseman's farm is located northwest of Shaw's School on the old Bethlehem Pike. Mr. Housman does general farming and raises chickens. Koehler's farm is located east of our school does general farming. Mr. Loux also does general farming and grows tomatoes. When the tomatoes are ripe, he hires boys and girls to pick them.

Mr. Blough has dairy cattle. The Arthur Landis Dairy Farm, north on California road, has been operating for thirty-eight years, three generations. It has served the schools and people of Quakertown with milk for many years.

In Bungalow Park, Mr. Lascik operates a machine shop called the Body and Fender works. Quakertown Brick and Tile Company is located northeast of our school. Here on the former Cramp farm is found the right kind of clay to make bricks. Next door to our school on the south is the Willauer Company Machine Shop that manufactures poultry equipment.

So, this is a comprehensive view of our area from 1949. You can see that much of the area was primarily agricultural, especially on both sides of California Road. Many residents had successful businesses, or worked locally. Try to visualize this the next time you pass through Shelly, visit the QMart or drive down California Road.

The Richland Historical Society is located on the Shelly One-Room Schoolhouse grounds, 130 Richlandtown Pike, Quakertown. Leave a message at 215-536-5505 for tour information and general questions.

BUCKS COUNTY OFFICE: 314 W.Broad St., Room 102, Quakertown, 267-551-3744

2026 FALL LEAF COLLECTION

Fall leaf collection will begin in October. Please visit our website, www.richlandtownhsip.org where we will try to share any changes or helpful hints as we get closer to the collection dates.

While we try to meet the following schedule, our collections may be affected by bad weather, mechanical breakdowns, or any number other factors. Should we get behind in our schedule, we will collect leaves as close to your collection date as possible. Unfortunately, we can't always determine the order in which we service each area, so please be prepared for us to be on your street on any day throughout the week you are scheduled for.

Updates to our schedule will be posted on our website and on our Facebook page. Please continue to check back often during that time.

LEAF COLLECTION IN DEVELOPMENTS

ROADS DEDICATED TO THE TOWNSHIP

October 19th – December 4th

The Township crew will travel through the dedicated road developments weekly. If leaves are placed out late in the week, they may be collected the following week. Leaves must be on the road surface, against the curb. Leaves on the sidewalk or in yards will not be collected.

- The Elms
- Walnut Bank Farms (Walnut Bank Farm Road, Farm House Lane, Red Barn Lane and School House Lane)
- Richland Mead
- Hunters Crossing, (including Timberbrook Drive and Hallmark Place)
- Sweetbriar
- Brayton Gardens I
- Brayton Gardens II
- Tollgate Landing
- Richland Court
- Regency Manor
- Spring Meadows
- Presidential Estates (Academy Place)
- Richland Station, (including Turntable Circle)
- Heather Valley/ Richland Farms
- Deer Run Estates
- Morgan Creek
- Twin Lakes

PRIVATELY MAINTAINED ROADS

Collected Twice:
November 2nd – November 6th
and November 16th – November 20th

Most of these developments have parking lots or courts that cannot be accessed with our equipment because of space constraints and numerous parked cars. Therefore, we ask you place leaves on the street, against the curb on the main access roads. Leaves on sidewalks and yards will not be collected.

- Stonegate Village (place leaves on Stonegate Road)
- Beaver Run (place leaves on Beaver Run Drive, Terrace Drive and Windsor Circle)
- Richland Green
- Quakers Green (place leaves on Quakers Way)
- Walnut Bank Farms Condominium Section (place leaves on Walnut Bank Farm Road)
- Renaissance at Morgan Creek (place leaves on Memory Lane, Creekside Lane, and Turtle Creek Lane)
- Arbours at Morgan Creek
- Reserve at Hidden Ponds

LEAF COLLECTION ALONG RURAL ROADS

Due to the amount of frontage along roads that are not in developments, those roads will be limited to a one-time collection during the week specified for your road. Leaves placed for collection after the specified week may not be collected. Leaves should be placed on the shoulder as close to the roadway as possible. Our machine cannot reach farther than the shoulder so leaves beyond that point will not be collected.

WEEK OF OCTOBER 19TH – 23RD

North Mine Road; South Mine Road; Hickon Road; Keystone Road; Gross Road; W. Cherry Road; California Road; Dickert Road; Camp Rockhill Road; Scholls School Road; Yankee Road; W. Rich Hill Road; Whaland Road; East Rich Hill Road; Muskrat Road; Smoketown Road; South Old Bethlehem Pike; Station Road; Stoneback Road; Tohickon Road; Shelly Road; Nice Road; East Zion Hill Road.

WEEK OF NOVEMBER 9TH – 13TH

Rockhill Road; Raub Road; Erie Road; Axehandle Road; Meadow Road; Beck Road; East and West Pumping Station Roads; Heller Road; East and West Reservoir Roads; Milford Square Pike; Franklin Lane; Morris Road; Fairview Ave.; Hellertown Street; Perkasie Ave.; Station Ave.; Cemetery Road; Portzer Road; Ambler Street; Woodland Ave.; Penrose Street; Walnut Street.

IMPORTANT INFORMATION

1. **DO NOT** place any other materials such as sticks, grass clippings, or yard waste with your leaves. These items clog the vacuum hose and cannot be collected. ONLY leaves will be collected. all other waste will be left behind.
2. **DO NOT** park vehicles on (or close to) leaf piles. We cannot collect leaves that are under or too close to vehicles (we need room for our equipment to be able to get to the piles). Hot mufflers and exhaust pipes may ignite the leaves and cause vehicle damage or loss.
3. A leaf drop-off area is available for all residents. You may drop them off in the leaf bin located behind the salt storage shed at the Township Building located at 1328 California Road.
4. **WE NO LONGER ACCEPT LEAVES IN PLASTIC BAGS AT THE DROP OFF BIN.** Empty bags out on to the pile and take the plastic bags away or use the provided trash receptacle. Leaves left in paper bags are acceptable.

THANK YOU FOR HELPING KEEP OUR TOWNSHIP CLEAN!

If you have questions concerning these matters, please contact the Township's Public Works Director, Jim Benner, at 215-536-4066.

SPRING 2027
YARD WASTE COLLECTION

PICKUP WEEK:
MAY 3RD – MAY 7TH

Richland Township will again be offering a Spring Yard Waste Collection in May. Pickups will occur during the week of May 3rd through May 7th. The Township's Public Works employees will collect the yard waste at that time. **Please try to place your waste out by Sunday the 2nd,** if possible, that way we do not come down your road before you get a chance to put your waste out.

Leaves may be piled against the curb or bagged (paper bags only, no plastic). Sticks should be stacked (bundled and/or tied would be appreciated) on top of the curb or along the edge of the road (if you do not have curbing).

Please **DO NOT** put out rocks, dirt, stumps, trash, or lumber.

ONLY LEAVES AND STICKS WILL BE COLLECTED.

We WILL NOT collect grass clippings, pine needles/cones, or other unacceptable items.

Please note: We do not have a set schedule of which days we will be on which roads. Our schedule depends upon weather and our other workload at the time. We will make sure we get around the entire township in a timely manner, depending on those factors.

The township also has a brush dumpster, and a grass clipping/leaf bin located in the far rear of the property behind the salt storage shed at the township building. This is available year-round, for residents to bring yard waste at their convenience.

Thank you for helping keep Richland Township clean and beautiful!

#1 in Quality
IN THE U.S.

There can only be one #1.

St. Luke's achieved the highest quality score among the nation's three highest-performing health systems, according to the U.S. Department of Health & Human Services.

Nationally recognized for excellence:

- Named one of Modern Healthcare's 15 Top Health Systems® and 100 Top Hospitals®, Powered by Premier.
- Earned "A" Leapfrog Hospital Safety Grades and CMS Five-Star Ratings, reflecting the highest standards in quality and patient safety.
- Recognized as a Top Workplaces by USA Today and locally across the region.

Excellence isn't claimed. It's earned.

St. Luke's... Leading the way.

UNIVERSITY HEALTH NETWORK

Trumbauersville Fire Company

142 N Main St, Trumbauersville, PA 18970, 215.538.1880

Hoagie and Chef Salads are a great lunch and/or dinner meal. We make Italian, Ham, Turkey and Roast Beef hoagies. They are made the 2nd Sunday of the month and orders need to be placed by the Friday, 10 days prior to making. Call Jen for information and to order at 215-989-0909. December orders due by December 4. Pick up is December 13, from 12-2 at the firehouse.

Gun Raffle tickets are on sale September through December 7th. 5 prizes will be awarded on December 14th at 7:30 PM. Winners will be picked from a wheel which can be viewed on our Facebook Website. Contact Trevor for tickets at 215-239-5883.

Holiday Bazaar, November 7 at the firehouse from 9 AM-2 PM. We have a variety of different crafters, various raffles, Come out and get your Christmas Present gifts and your stocking stuffers early.

Cemetery Cross's which are all hand made from the cutting of the wood to decorations with a light on the cross. Contact Marilyn at 215-536-2518 if interested in purchasing a cemetery cross for your loved one.

Trumbauersville Fire Company/911 Memorial T-shirt. Cost is $15 each. A portion of each shirt sold will be donated to a local 911 charity. Please order using the following link http://forms.gle/qojCy3G7Xg7aLBek6.

Lottery Calendars for 2027 which run from January 1-June 30, 2027. They make great Christmas gifts for employees and family members. Daily winning amounts change with special days and holidays. Contact Marilyn at 215-536-2518 for your Lottery Calendar and a chance to win.

Watch our face book page for our **Stocks Pound Cake** sales in September. Various types of pound cakes will be sold.

Weekly Raffles - Watch our facebook page for weekly raffles starting in September.

Clothing Bins are behind the firehouse to place any used and unwanted clothing for donation to the needy.

If you have any questions on the above information, please contact 215-536-2518.

SNOW AND ICE TIPS

Snow and ice are conditions that affects each one of us at the same time. We can't be everywhere immediately, but we work very hard at keeping the roads passable throughout the storm. We ask that each one of our residents help us accomplish our tasks most efficiently by doing their part. Here's how you can help:

IMPORTANT SAFETY TIPS FOR WINTER:

When snow is forecast, keep your cars off the roadways and park them in your driveways. This gives us a chance to do a much better job of cleaning the roads and it will eliminate the need of you having to clear the snow out from around your car after we have plowed it in. It also gives you less driveway to clean because it never snows under the car!

Give the plow truck the right of way. Staying far enough away from it prevents that you don't get caught in one of the many blind spots. The driver needs a lot more room than you realize in maneuvering the equipment.

When cleaning sidewalks and driveways. Always throw the snow back into your yard so you won't have to move it again. If it goes into the street, our plows will push it right back to you and you'll end up having to move it again. It is against the law to put snow in a roadway.

If you live on a two-lane street, wait until we have your street plowed back to the curb before cleaning out your driveway entrance. Remember, some storms require us to plow more than once; sometimes we need to plow streets multiple times. Whenever possible, we always take the snow back to the curb line. After the storm is completely over it may take several hours to get around to all the streets. You will know that we are done with your street when it is plowed back to the curb line after the storm is over.

Remember, snow emergencies mean all vehicles (this includes boats, trailers, and campers) are prohibited from being parked on any township street and may be towed at your expense. We don't want to have to do that.

Please remove basketball nets from roadways and curb lines. There is an ordinance prohibiting this! Nets or hoops hanging out into or over the roadway prohibit drivers from doing their jobs properly and can cause damage to our trucks and your nets or backboards. Richland Township will not be responsible for damage to them if they are left in the roadway or on the curb line.

THANK YOU

for your assistance in keeping our roads safe for travel.
Working together we can have the cleanest and safest roads around.

Veterans Honor Roll Wall

Hello,

My name is Paul Gerhart, Jr. My hope for Trumbauersville is to build a Veterans Honor Roll Wall at Trumbauersville Veterans Park. With growing support from the community this project is off to great start. This Honor Roll has the POW MIA chair the plaque, 5 silhouettes and a wall behind the pavers. With your support we will be adding a 14-foot silhouette behind the wall and two park benches. Each branch banner will be displayed off Woodview Drive in Trumbauersville. With your donations I will be able to add things in the future. Once down there will always be maintenance to this project.

This is one way a loved one can make a donation in memory or honor of a veteran in their family. This wall of honor represents all Veterans that served. Those of us that served respected our " Brothers & Sisters" We came from all different walks of life and different parts of United States. One thing we all shared the same was we swore an oath to unhold the " Constitution.

There will be plaques that will say who donated towards this project. There will be another plaque showing Veterans names. As a strong community we are well on our way in completing this project. My vision for this project is off to a good start. I have strong ties to Trumbauersville Borough and also an Airforce Veteran. Donations can be sent to Paul Gerhart, Jr. 16 South Hellertown Ave. Quakertown, P.a 18951.I also have Venmo if that is preferred.

My vision for the Trumbauersville Community will become a reality soon. The Veterans and loved ones of the community will be able to come to the park and honor their comrades or loved ones. Sometimes one just needs that quite moment to reflect. Trumbauersville Council wants to let the community know how much they appreciate what Veterans have done. '" All Gave Some and Some Gave All. "I believe in my heart Trumbauersville Borough as a community will be a beacon of light. It takes a "TEAM OF PEOPLE" to make a difference.

I want to let everyone know thank you from the "Bottom of my Heart." Your "TRUST" in me means a lot. This has had its challenges, but it is all about the "Veterans ".

Below is a visual of some of the sihoulettes. A lot of thought has gone into this to respect everyone.

" Yesterday is over but tomorrow we can help change."

Respecftully Yours,
Paul Gerhart, Jr.
