

# Richland Township Preservation Board Meeting Minutes

## May 11, 2022

Submitted by Rich Sadler

### Members Present

In attendance were Kathy Fedorocsko, and Rich Sadler. Staff member present was Rich Brittingham.

- A. **Minutes:** April's minutes were approved as written. Kathy motioned, Rich S seconded, unanimous approval.
- B. **Financial Report:** As of March 9, 2022, our fund balance stands at \$1,009,660.47. Assuming the income from the tax & non-easement expenses remain the same thru 2023, we will have approximately \$1,500,000 to spend on preservation thru June 2023. We received Stoneback's rental fees for farming preserved land, \$1650.

### C. Property Reports, Active:

1. **Maderson (36-045-011) 23.75 acres, 210 Axe Handle Rd:** With the help of Heritage, we applied for DCNR funding in April and on December 30, 2021, we received word that we would receive the funding, which would pay for 50% of the cost: DCNR pays 90,000, Richland & Heritage each pay \$4,000/acre. Richland will also pay a one time \$15,000 payment for stewardship. Kris Kern will give us the settlement date.
2. **Corn (36-39-79) 55.6 acres on 150 Hickory Lane:** The property was appraised at \$7500/acre. With the help of Heritage, we applied for DCNR funding in April and on December 30, 2021, we received word that we would receive the funding, which would pay for 50% of the cost. DCNR pays \$170,000, Richland & Heritage each pay \$3250/acre. Richland will also pay a one time \$15,000 payment for stewardship. Kris Kern will give us the settlement date..

For both Maderson and Corn, we are waiting on the grant agreement and agreement of sale. A "review appraisal" and survey need to be done, then closing occurs. Heritage Conservancy will pay half of these "soft costs", NTE \$17,000. The DCNR is the 3<sup>rd</sup> party on the easement. We estimate settlement by the end of 2022

3. **Sames (36-29-32,88,94) 61 acres on Church Rd:** The County Farmland application was submitted by Laura Bower in December. the property was admitted to Richland's ASA at the Feb 14, 2022 supervisor's meeting. The County ranked the property 14<sup>th</sup>, & didn't want to take the 15 landlocked acres. We are unsure if we want to use Township funds to preserve the property, and of Mr. Sames intentions as he has not been submitted an application for preservation yet

### D. Property Reports: Pending Contact / Action:

1. **New properties: NO CHANGE;** Kathy sent letters and applications to Zavitsanos, Malasics and Schemitsch. No responses yet.

### E. Old Business

1. **Property Monitoring by Heritage:** All properties have been walked for 2021 and we have addressed our concerns, where applicable, by letter. John Keller "no motorized vehicles" signs have been installed

7/13/2022

2. **Historic Taylor Home:** Richland now has a lease with LVHN for \$1/year and is now responsible for the building. The Preservation Board will begin to look into what we can do to clean up the property and maybe get a historic sign placed on the property for starters. Rich will see if we can get the road crew to deliver a dumpster for us to put what we clean up and ask Chief Ficco to add a stop at the home for security purposes.
3. **Central School- one room schoolhouse 402 Station Rd. :** Kathy did a PowerPoint at the March supervisor's meeting concerning repair & upkeep on the township-owned historic schoolhouse. The Preservation Board would like to assess what needs to be done to improve the building's look and resolve any further damage. We would like to put a historic sign with a brief history of the school in front. We will look into grants from Heritage and Neusch to help start some project and see if there is any other funding available for repairs and maintenance. Mike Schwartz from Gilmore & Associates may be able to help finding grants
4. **Open Space map:** Rich B will talk to Mike Schwartz about darkening the parcel lines & making the font smaller for the development names, as well as removing the double legend entries.
5. **Open Space from Reserve at Woodside Creek** – 100 acres off of Richlandtown Pike and California Road. Kathy was wondering if the Preservation Board could do some baseline evaluations and see just what is there at this time. Rich B said Linc & Tim were OK with this.
6. **Open Space from Reserve at Woodside Creek-** 42 acres adjacent to the development. Heritage Conservancy requests to have this donated to them so they could manage the sensitive habitat there. It is being discussed by staff.

#### **F. New business**

1. ASA map: Dale found an error on the map for his own property & asked to have it corrected. Rich B will have Mike Schwartz do it
2. Village Signs; The Preservation Board wanted to put historic signs in 4 of the Township's historic villages. Due to Covid, we didn't pursue this beyond writing up the histories. Now that we have a quote for a sign for Central School, Kathy had the previous quote for a two-sided sign updated & will present the concept to the BOS soon.

**Motion to Adjourn: Kathy motioned, Rich S seconded, unanimous approval.**

**Next Meeting: Wednesday, June 8, 2022 at 7:00 PM**
